(Green Bay, WI) – There are many gifts you can give a child for Christmas, but lottery tickets are not one of them says the Wisconsin Council on Problem Gambling (WCPG).

The Wisconsin Council on Problem Gambling encourages adults not to give lottery tickets to underage children/teens as holiday gifts – many problem gamblers report that they began gambling during childhood.

“Problem gambling is a growing concern among adolescents. We feel it’s important to let parents, grandparents and others know that lottery tickets are not a good gift choice for children”, says Rose Blozinski, Executive Director.

The National Council on Problem Gambling reports that there is strong evidence suggesting that more than 70 percent of adolescents have gambled for money in the past year, approximately 30 percent report gambling on a weekly basis, and many current problem gamblers report beginning gambling during childhood, often by age nine.

WCPG is a statewide organization that provides resources, public awareness and education on gambling disorders while maintaining strict neutrality on the issue of legalized gambling. The WCPG operates a Problem Gambling Helpline, Text and Chat line that are available 24/7 as a resource for anyone facing a gambling problem.

If you or someone you know has a gambling problem, call the Wisconsin Council on Problem Gambling Helpline at 1-800-GAMBLE-5, Text at 850-888-HOPE or Live Chat through the WCPG website at www.wi-problemgamblers.org.
